

The shared stories of people and plants ... and Plant Bingo!

Reporting back from 2012, and research ideas for 2013

Please drop by for
tea, snacks
and Plant Bingo on:
Wed Feb 20th, 2013
Community Hall
6:30 pm

Hello... my name is Erica Oberndorfer ("Erica O" is fine!). I live in Goose Bay, and I'm studying for my PhD through Carleton University. I'm interested in learning more about relationships between people and plants in Makkovik.

I'm pleased to have this chance to:

- ✱ Report back on what I learned in 2012 about community priorities for research in Makkovik
- ✱ Share some ideas for upcoming research on people-plant relationships
- ✱ Hear your feedback on these research ideas
- ✱ Host a game of Plant Bingo... with prizes!

For more details, please see the Facebook page "Makkovik People and Plants"

I gratefully acknowledge my funding support

Thank you! Hope to see you soon.
